## EASC RCM Report for OKRSC meeting on April 1, 2012

We last met on March 25, 2012 in Tulsa Ok. at Jimmy's Place hosted by Sharing in Recovery.

We met on February 26, 2012 in Pryor Ok. hosted by Pryor Hump Day Group on which we conducted a area inventory. Some key things that came from inventory were the need of more mentoring and leadership of the new and first time GSRs and trusted servants. Suggested more learning days or workshops for new people in area service. Talked some on spiritual principles EASC feels as key in area service. Such as integrity, open-mindedness and willingness. Some key things EASC is doing well like H&I and PR. W talked about budgeting our income better so times when donations are down we can still have funds to carry the message. It was a very informative session we all learned a lot.
